### Note for Roll 35

The letters filmed on Rolls 18-50 are registered in the two volumes designated as Entry 300 and reproduced on Roll 15. Each file is in a special envelope which has the same identifying information as the register entry. The letters within each file are arranged chronologically, and enclosures are filmed in the order in which they are listed in the accompanying letter. Other documents with the same file number are filmed at the end of the file. Envelopes with the numbers listed below were found to be empty when these records were processed for microfilming, and have therefore been omitted.

Wornton Dear Sir?

You will find enclosed  
a certificate of the loss of 20 B/c - washed  
overboard during our passage <sup>from</sup> Barrard River  
to Tampico. I also was further unfortunate  
in losing my Schooner and Cargo between  
Tampico and this place where I intended to buy  
my goods for Texas as the Market in Tampico  
was too high. Not having fully made up my  
mind as regards what will be my next course  
I thought I would lose no time in sending  
you in the enclosed Account  
I also have the honor to report to you the  
~~the~~ arrival of 3 Schooners at Tampico

The last named schooner having sent out two

In reference to the Bustamante cotton I understand  
that Mr. Repull has made affidavit & filed it  
with me for the exportation of 1865 Bales of Cotton  
weighing 932.500 lbs, which by calculation is enough to  
settle that contract. You will not make any affi-  
davit a certificate in return to the same. I pre-  
sume, for fear of a conflict ~~of~~ in the matter or  
rather of the issuing of too many permits like some  
particular attempt of the same contract. I mention this  
from having seen a paragraph in a letter of yours to Col. H. H. H. H.  
I fear that you might not know that Mr. Repull was arranged for

Houston,  
De Sir -

Jan. 30<sup>th</sup>. 1865

Your favor of the 25<sup>th</sup> inst.  
is at hand. I am pleased well over to know that  
you have secured 11 bales of the cotton G. W. Hardy  
shipped to Houston. There was 21 bales of the cotton -  
18 at Mrs. S. C. Hardy's & Three (3) bales at D. H. Knox -  
- it was all marked B except one bale, which was  
marked F. There are 10 more bales, two of which  
are here and probably will be shipped to Houston in a  
few days. I don't know where the other 8 bales are.  
They may yet be at Mrs. Hardy's gin & they may have  
been shipped off some days ago. I have just been  
to see Col. Fullers Rail Road books & find that  
Hardy & Co. shipped cotton to Houston on <sup>the</sup> 10<sup>th</sup>, 13<sup>th</sup>,  
and 24<sup>th</sup> insts. George Frabue shipped 7 bales to  
Houston on the 21<sup>st</sup> inst. - which cotton he purchased  
of Mr. Hardy & it may have been Govt. cotton. I think  
you had better examine the cotton shipped by these  
parties at the above dates, by this means you may find  
more Govt. cotton. If the balances of the cotton has not gone  
off yet, I'll try & arrange so as to let you know when it is  
shipped.

Mr. Hardy has shipped the balance of the Govt. cotton  
(16 or 18 bales) from Newsum & Batts plantations to  
San Antonio - Consigned to Messrs. Saffington & Overings.  
I reported this case to Capt. J. C. Switzer on the 26<sup>th</sup> inst.  
I think he will get the information some days in advance  
of the arrival of the cotton - will keep you advised of  
Hardy's doing the best I can.

Enclosed is D. Morely's Cert: a/c, which you will correct & send to me at Millikan.

I saw Col. Wilson on Saturday - I offered him an order for the amt: due him from the Govt: for his salary, but he didn't accept it. He says he must have the money - You will please forward the amt: due him, to Millikan & have it deposited in the hands of Charles Howells for me, & I will pay Wilson & have his a/c rectified & forward it to you. You could safely send it by one of the Conductors on the Rail Road, I suppose.

Yours Very Truly

D. C. Keer agt

P.S. Forward me the Permits soon as you can.

of the 19th covering sundry

 on the 23rd inst.

In the case of Mr. John T. Smith  
 his statement of £200 was received  
 for without being actually received  
 as because he had received nothing  
 but to put up the amount  
 of £200. I have appeared, though I  
 could not see him, that he would  
 deliver it - I am so sure he is not  
 willing to comply with his contract  
 inasmuch as he is not (I believe)  
 making the goods complete by giving  
 nothing but a mere promise of the  
 goods (I believe) to the goods in  
 the case. It is now the time for  
 the complete delivery of the goods  
 and it is not to be expected that he  
 will risk it. I hope to be able  
 to persuade him into measures  
 Please advise me what to do in this  
 case.

The Farmers generally who are  
 not satisfied with the goods they  
 have been furnished with, are  
 complaining that the goods  
 should be taken up. They are

to know whether any arrangements  
will be made for completing the

are likely to be disposed of in

Dear Sir

On 25th of July last I was installed into office as Executor of the Estate of Dr. Hayes dec'd of Madison Co. On the next day I went down to the plantations of the Estate, and soon after reaching there two Gentlemen purporting to be Govt cotton agents called in and exhibited their authority for procuring cotton, under instructions from the "Cotton Bureau". One of them was O. D. P. Cavender the other a Sub. of his called Newson. I said to Mr Cavender that I had been so recently installed into office that I had not as yet looked around, and gotten "the hang" of things, that he must wait until I could do so. And assured him that as far as I could consistent with my official position I would meet every requirement of my government legally & properly made. After becoming acquainted with the State of things pertaining to Dr. Hayes Estate I notified Mr Cavender in various ways. Once in person in Huntsville, Once by a special messenger of my readiness to comply with my obligations touching that matter. All that I could obtain from him was promises to attend to the matter soon.

Thus the affair stood until on 17th Inst. I met with Mr. B. A. Osgood at Madisonville who claimed to be acting for Capt. Black whom he said had superseded and succeeded Cavender in office. He expressed a desire to close the old Contract as he called it made with Cavender. I made no objection provided the short time only three days would allow of the consummation of the contract which I much doubted.

P.S. I would be pleased to hear from you soon concerning this matter. As I have not the pleasure of your acquaintance, I could refer you to Mr. Hocking.

and B.A. Shipland, Geo. Ball, & especially Col. Murray, for any thing you may wish to know of me.

He said he thought you could have the matter arranged satisfactorily. I in a hasty manner attempted to turn over the 50 Bales of cotton to the Govt. on the condition that "permit or exemption" papers for the other 50 bales should be furnished me. I rec'd. a letter from Mr. Osgood a few days since saying that you would forward me the "Exemption" papers as soon as they <sup>were</sup> returned from San Antonio approved by Mr. Welles I believe. At the time I had this business affair with Mr. Osgood he asked me if the 50 Exempt bales were in market. I assured him they were. He said when he got to Houston he would send me an offer for it. He has sent me an offer of 8 cts which quite surprised me for I had a little while before met with him, bargained the 100 bales off at 8 1/2 cts with all government incumbrances. I was led to believe that by the arrangement with the Govt. the Estate of Hayes would lose nothing, but by the sale of the Exemption and cotton it would realize nearly or quite as much as by the sale of the cotton as "Unexempt". It would seem from Mr. Osgood's offer in that I was misled, or that he is disposed to leave quite a large margin for profit. If by the lapse of the period (which is not my fault) at which the contract is being consummated, or from any other cause the Estate of Hayes is to be deprived of the benefit of the exemption, this is to say to you that you had best withhold the documents, and I will take benefit under the new cotton arrangements. If however I can still be profited by the exemption derived from the contract, I am willing that it shall be perfected. I have directed my manager on the plantation to deliver none of the cotton until the whole matter is fairly understood & adjusted.

Very Respectfully P. M. Kittell

A 2 Mr. Houston. Sir

I herewith submit Mr R. F. Harris reply to your letter to me about the 20 Bk receipt for in his name Nov 11th. The statements made by Mr Harris I know to be substantially true, and I also take pleasure in assuring you that no man in my knowledge is more correct or prompt in the discharge of his contracts than Mr Harris and I speak from knowledge of him obtained in a long and acquaintance of many years.

Mr Harris thinks the Cotton was ordered by Mr Jones to private parties in San Antonio to be turned over to Capt. Mitchell which has not been done. He will however explain fully when he leaves the fact, and I feel quite sure he will do it to your and Capt. Mitchell's satisfaction. I have also every confidence that if the Cotton has got beyond Capt. Mitchell's reach Mr Harris will restore it here.

Very Respectfully

Capt G. L. Allen

Sir, We herewith send you copy  
of a letter received by us from Mr J. Bartlett, Cotton  
agent for <sup>Falls</sup> ~~the~~ county, who is acting in connection with  
and for Capt Sney, who is now absent in Alabama on  
leave. Allow us to call to your recollection an  
order issued by Col Broadwell, upon you, based  
on an order from Gen Smith to Col Broadwell.  
The order of Col - B. is dated about the 19<sup>th</sup> of October  
1864. Allow us also to call your attention to an order  
issued by you to, Capt Sney agent for Falls Co -  
bearing date October 28<sup>th</sup> 1864.

By the foregoing orders you will see that all of the  
Cotton in Falls county, was pledged to us, to  
pay our debt of about \$100,000 due from the Govt  
and you were directed to have this Cotton shipped  
to Mr Wm Perkins Commercial agent, for that purpose, <sup>at Matamoras Texas</sup>  
From the letter of Mr Bartlett you will discover  
how that order of yours has been used is being  
executed - 54 Bales of Cotton shipped in accordance  
with your order - and 84 Bales of Cotton shipped to San  
Antonio to Mr Touchel - and in direct violation of the  
order - And between 75 & 100 Bales of Cotton sent  
being shipped to San Antonio to the account

of Col. Mankin. This we are informed by Mr. Bartlett, is done in obedience to an order upon him issued by ~~the~~ High Court of Blaco - a copy of which we also send you. After getting the orders of Gen. Smith Col. P. & yourself - and having waited for affairs to get into successful operation - we called on Mr. Perkins - who informed us he had nothing left which to pay. we continued there upwards of 10 the middle of December with like success and without any prospect of receiving hereafter from him, but little if any on the debt.

Our calling upon Mr. Bartlett we found that 34 Bales had been shipped for our account - nearly 90 shipped to Gen. Kuntin's and not to our account. and nearly one hundred more to be shipped on account of Col. Mankin and that this comprised all of the best cotton in Fulton County. It is unnecessary to say to you that this cotton was pledged to us in payment of our debt, and could not be diverted from that purpose without a breach of faith - towards us. We will not believe that you would knowingly permit such a course as has been pursued. It is true you have decided that copies of the bills of lading ~~and invoices~~ to be sent to you and so we presume this has been done - &c. &c. They

disclaim the divisions of this cotton, from the  
object specified in your order. But in the  
multiplicity of your business you must have  
overlooked these bills of lading. We are not believe  
ing the order alone you would have permitted  
it. We therefore hope you will inform Mr  
Titchell of New Orleans, of the fact that the  
proceeds of that cotton is to be applied to our  
debt, and direct him to hold the cotton or  
its proceeds for that purpose. And that  
you revoke this order of Messrs Lewis and  
direct Mr Bartlett to ship that cotton for account  
of Bullen, Riggs & Walker. instead of for Messrs  
You will please reply immediately to this letter  
and direct to us at Shreveport, we are then en  
our way there. You will also please state in your  
letter the result of your order in our favour  
Messrs Cunniff of same date as the order on  
Hills - the great failure to get cotton in  
has made us fear the result in Brazos.  
You will therefore please state the number  
of bales shipped to Mr Perkins from that Co  
for our account, and what amount will  
be shipped if any.

By giving this matter your prompt attention  
and writing to us the result you will  
confer a favor on your friends.

Yours of this date is duly read and contents noted. In reply to enquiries therein made I have to state that on the 10<sup>th</sup> Nov 1864 I shipped to Edw. Perkins Commercial <sup>Company, States</sup> agent, at Matamoros by Mr John Ward 39 Bales of Cotton weighing 20658 lbs. "to be applied to the payment of Wm. H. Rigg & Walker."

On Dec 1<sup>st</sup> 1864 I shipped to Mr J. L. Twitchell San Antonio 41 Bales weighing 20003 lbs. On Nov 16<sup>th</sup> I shipped to same party <sup>at same place,</sup> 40 Bales of Cotton weighing 19778 lbs. On Nov 14<sup>th</sup> I shipped to same party at same place 9 Bales of Cotton weighing 4882 lbs. On Dec 2<sup>nd</sup> I shipped to same parties at same place 4 Bales weighing 2420 lbs. - which is all the cotton I have shipped - all of this cotton was collected in Falls County. The cotton shipped to Mr Twitchell at San Antonio was not shipped to the account of Wm. H. Rigg & Walker.

I still have on hand in this County belonging to the Government between 75 & 100 Bales of Cotton which I will ship in a few days - this cotton still on hand I am directed to ship on account of C. S. Monahan as will appear by the order of Maj Davis of Dec 17<sup>th</sup> 1864 - a copy of which I herewith furnish you - (Signed) J. Battell

Capt. C. G. Wells of the  
Houston

Sir,

Your favor of 26<sup>th</sup>  
 duly recd. and contents noted. I am glad  
to hear that my Ricks got to hand in time.  
I was pushed to get them ready as soon  
as I did. How am I to do in the case  
of two or three parties who have failed to  
deliver their cotton in time to get Exemp.  
tions? One party could not get his cotton  
ginned - (no gin within 10 miles of him)  
another did not get his R. offaging in  
time.

I have the "Calumet order" for  
to B&C and will forward it to you.  
I telegraphed you yesterday about my  
negotiations with Mr. Price for use of  
his Quins to deliver all the Balance of  
the fort. Cotton on hand, without delay.  
I should not have telegraphed yesterday  
but Mr. Price made a proposition  
to me, which I did not know but  
you might accept, for sake of getting the  
Cotton in market immediately.

He had to have an answer to his  
proposition last night, as he had another  
contract offered him. I regret that I could  
not secure his transportation. It would

~~Miner's note July 20, 1864~~

~~J. H. H. Esq.~~

have enabled me to deliver all the Cotton (say 500 Bales) at Mexasota in two or three weeks.

Ox and Transportation is getting scarce; If you could authorize me to pay Ox Teams same as Mule Teams, it would facilitate delivery of the Cotton very much. I can get it hauled at Ox Team rates, or at least very little; This time of the year the Roads are very bad, & Ox Teams are more safe than mule teams, as they can get along when mules cannot.

The remaining Cotton is somewhat scattered, & some of it necessarily exposed to the weather, but I am having all that is exposed delivered at this Depot where I can take care of it till it can be shipped. I will do all in my power to push the delivery, & take care of that which is in danger of damage.

Very Truly Yrs. G. B. B. B.

The above invoices all the Cotton  
furnished me so far, and I suppose will  
close the List. Two or three parties in this Co-  
who contracted to sell their Cotton failed to get them  
B. & L. to put it up, for reason assigned, of not  
being able to get it Baled, The work however is  
small, only a few Bales. I hope the above will  
be in time to secure the Exemptions & Permits to the

articles. The Cotton would have been ready long ago, if I had received the Baling material in time. Please send the Permits & Certificate up to one when made out.

One lot of 4 Bales (S. S. Mottins) is purchased under "Paragraph" II.

I will now forward as soon as possible my final Reports of Purchases, & Receipts of Cotton for the Cotton Bureau, for past twelve months, with Statement of Receipts, & disposition made of Baggings & Rope.

Capt. G. G. Wells a.g.m.

Houston,

Dear Sir

Enclosed find Receipt to  
 Williams Dunlap for Five Bales cotton & his receipt for  
 Baling rope: also receipt from B. H. Knox for rope & baling.  
 You will proceed Permit for Mr. Dunlap & send it and  
 his Cert. a/c to him at Millican.

I received 10 Bales of Cotton of B. H. Knox about the  
 middle of December, seven Bales of which was delivered to  
 L. J. Hitekin. The other three bales G. W. Hardy has  
 shipped off. The other 10 bales I purchased of Knox I  
 shall not get, as Hardy hauls it away as fast as Knox  
 bales it. G. W. Hardy has also shipped some 8 or 10 bales  
 from Mrs. S. E. Hardy's Gin which I purchased of her  
 for the Govt. The cotton Hardy shipped from Knox and  
 Mrs. Hardy's is all marked [B] except one bale which  
 is marked [S]. Each bale has the weights marked on it.  
 I think the cotton is on the cars now & will probably  
 go to Houston to morrow.

Hardy & purchased cotton of J. Batts, J. Newcomer,  
 A. G. Neelley, B. H. Knox & Mrs. S. E. Hardy all in the  
 same manner and will ship the whole of the Govt.  
 portion off unless there is something done to stop him  
 from doing so. I wish I had the Power I would check  
 his operations. Hardy has now gone to San Antonio &  
 I don't know when he will return.

Yours Very Truly

I was a day by Capt B M Grant that he had  
botten found by Mr. Davis, owing to the high state of the  
River and the obstruction of the bridge had to remove it  
a large flat, and will be at considerable expense to get  
it out to the main house. I shall have to pay extra price to  
have it hauled out. I wish you would be sure to have  
3 flat cars sent out by Friday's train, as I am of opinion  
that should the River continue to rise, our fearfull that  
the cars will not be able to cross the bridge much longer.  
Your several Blank Reports to hand shall have due and  
prompt attention.

Dear Sir -

We wish to purchase Cotton Permits for thirty (30) bales of cotton - We learn they can be bought for about 5 cents in your city. Will you be so kind as to assist Mr. W. B. McCombs, the bearer of this, in procuring them for us - We want the genuine article, those that will protect the cotton, through, from others. Knowing that you are a judge of such papers & fearing there may be some doubt upon the market that are not genuine is our reason for asking the favor.

P. W. Gray Esq. in his last notice to the people, says the Permits must be used before the first of May next - Does he mean to say the Permitted cotton must be at the Rio Grande by that time - or is it only necessary that the cotton should pass San Antonio, & be sold by or before the first of May? When any person buys Permits of another party should they not be indorsed or transferred to the purchaser?

Your assistance will greatly oblige  
Yours Very Truly Neer. James Geo

Wm. J. Smith Esq  
 Nassau, N.Y.  
 Dear Sir

Edinburgh 11th July 1865

I have been requested to furnish to a friend in Europe some information on the present and prospective condition of the blockade running trade, and as your presence here made you "an eye" in that branch of business, I would ask of you as a favor, which I would gladly reciprocate, to give me a succinct statement of the regulations governing the trade, and a copy of the forms and documents required if convenient, so that I may make an intelligible statement to any party desiring to make an advance with a ship and cargo, this may prove very useful to me in the future. Could a cargo of goods be loaded and imported before and that would meet the requisitions of the Government, and be used as a purchase by it, or as a supply of cotton in payment for them, or is it the best course to buy the cotton, give the receipt bonds, and make a contract with the Agent for the investment of the proceeds in supplies? What at present does the Govt pay for their portion of the cargo in and out of the port, and in what medium, what is the price of cotton in the market and how is it likely to rule? What are the facilities introduced for the negotiation of the Govt. usual rate? Would a party have to buy the whole cargo, and sell the Govt. one half, if so what kind of payment do they make for it, and what for the supplies furnished etc. I do not know that I fully comprehend the course of the trade being an outsider, but you will be able to put me on the right track, and my thanks will be much obliged. Your friend & truly  
 Wm. J. Smith

C. G. Smith Esq

Dear Sir

Edinburgh July 11. 1868

I have been requested to furnish to a friend in Europe some information on the present and prospective condition of the blockade running trade, and as your pursuits have made you "an expert" in that branch of business, I venture to ask of you as a favor which I would gladly reciprocate, to give me a succinct statement of the regulations governing the trade, and a copy of the forms and documents required if convenient; so that I may make an intelligible statement to any party desiring to make an adventure with a ship and cargo. This may prove very useful to me in the future. Could a cargo of goods be sent and imported before hand that would meet the requisitions of the Government, and become a purchase by it, or were as a supply of cotton in payment for them, or is it the best course to buy the cotton, give the rest in bonds, and make a contract with the Agent for the investment of the proceeds in supplies? What freight does the port pay for their portion of the cargo inward and outward, and in what medium, what is the price of cotton in the market and how is it likely to rule? What are the facilities in London for the negotiation of St. Louis. usual rate? Would a party have to buy the whole cargo, and sell the Govt. one half, if so what kind of payment do they make for it, and what for the supplies furnished. I do not know that I fully comprehend the course of the trade being an outsider, but you will be able to put me on the right track, and my so doing will much oblige. Your friend truly

I do not understand why you sent the circular dated Jan'y 31<sup>st</sup> to Baldwin, has not the statements of the delivery of Cotton & Bagging & other info to come from me?

Mr Baldwin has not yet sent in any bill for services, please let me know how much you allow your purchasing agents to charge for Ball.

You have my monthly reports of Cotton rec'd & Del'd. and I do see why you need a statement unless I get all the Cotton acc't. The B & R statements I have seen you. But as Percy says it will "highly tell" to make up. So you best "get" "statement" back from me. I cannot do without him unless I get the Cotton rec'd.

I am anxious to come to town to do your thing. I cannot do so now safely.

I regret very much to find that the 14 Bdz, 350 Coal sacks will not answer to pack Cotton, which were sent me on 7<sup>th</sup> Dec last fr Maj Hogue's, claim:-

They not being so convenient as bagging. in the urgency of the time, to get cotton ready as soon as possible, I delayed giving them a trial. & Major Jm S Hogue thinking well of them I proposed giving them all to him, allowing four sks to the bale or 5 1/2 yds - He took them supposing they would answer, & sold out at that rate - he loaned some of them to Parson Corbett, who after giving them a trial returned them pronouncing the material rotten - which Maj H- reported to me. I said to him that they probably were not many of them so. & desired him to give them a fair trial & receive them at whatever they would answer the purpose of baling - his opinion being still, that five of them would answer for a bale. But after making examination he finds them all rotten, even the bright looking ones, & entirely unfit for covering cotton & has returned them to me -

Please send me 260 yds India Bgg - to W Liberty that will make up the deficiency; occasioned by the loss of the Sacks, as I would have had some bagging left, had the sacks proved good -

Your favor of 27<sup>th</sup> ult is rec<sup>d</sup> & contently noted - please find enclosed 13¢ of Shipment of 60 13¢ for Capt Isaac flat. I hope he may continue in the transportation business - the roads are at present impassable & in fact have been nearly so for a long time. In Dec & Jan I urged shipment, notwithstanding the roads were bad, the consequence was, that I had cotton in several places on the road, probably exposed to destruction. it was however reported by the teamsters in every instance as being well cared for - piled & covered up &c -

I do not now think it advisable to start any more cotton on the road until the road is sufficiently good to permit the teams to go through with their loads, which I hope may be soon - I am anxious to get this job finished that I may be in readiness to undertake any other work that it may be my lot to have. Should not the Treasury Dept require my services at this place or vicinity in the cotton business - which suits me exactly, and in fact I believe can do better service to our country in that line than in any other - This is a very rich country & will probably make considerable cotton this coming season, and would like a position here. please inform me, if you know any of the intended plans of the Treasury Dept relative to Country Cotton acts & oblige

Sir I have shipped  
in. Savasara so date for reshipment  
to you (20) twenty bales of the Smith &  
Walker cotton, & Dr. Hartings informs  
me that he shipped (5) five bales  
last week, (to care W. E. Thomas & Co.)  
This makes 25 bales of this lot  
shipped to date. I have an order  
from Carroll Smith, for the Balance  
of the cotton, but I have been unable  
to get it put in shipping order; the man  
in whose charge it is, (I presume the  
order was given me by Dr. Smith)  
refusing to do anything. Shall I  
purchase bagging & rope & pack it  
& have it over the deck & send it on,  
at my expense? I don't know how  
soon to be answered, or wait for Dr. Smith  
return from the coast, & get other  
cotton. Mr. Walter is now at  
the bagging & packing in the store

action, & they had to give much of the  
Bagging for part of the action, &  
consequently they cannot be expected  
to furnish Bagging now as per it  
in order.

Advised one of our men in  
regard to this action & he will endeavor  
to serve you satisfactorily. On account  
the difficulties in the way of getting  
the balance of the action, I will make  
a draft on Mr. Smith to borrow, & get him  
to give me other action, in place of  
this.

Dear Sir

Enclosed please find Reports of cotton  
and Bagging & Rope as requested.

There is some discrepancy in the amount of  
cotton here shown and the quantity shown in  
my account against the Cotton Office for receiving  
forwarding &c. In order to save the trouble

of making out another account I charged  
you (30) thirty bales the B & E Storehouse of which  
I have received only fourteen bales, and for five (5)  
bales the Barnes cotton, which I have not received,  
then there is an error of two (2) bales in the  
the Houston lot. I have charged for (12) twelve bales,  
when really there was only (10) ten bales.

The Storehouse & Barnes cotton will be delivered &  
forwarded as they have promised to do &c.

Please will please send certified accounts for Mrs  
M. P. Storehouse last twelve bales and for George Store-  
house for last (10) ten bales as per certificates sent  
you.

So when shall I make the delivery  
of the (17) seventeen bales cotton on my own account  
in Robertson County -

I have delivered my  
lecture in Birmingham on the  
 (10th) subject of the cotton  
 and the slave. I have  
 been very much  
 but think it better to deliver it  
 is delivered that one will see  
 the cotton more clearly.

The lecturer, after having issued my  
 certificate as receipt for the cotton,  
 sometimes writes to me, as to be  
 removed, one the other is, as they say,  
 what they are doing - he has been  
 what they are doing - Mr. Everett  
 occasionally confirms them in their  
 error, he says to me that "he does  
 not know them" that it is not  
 cotton but he could not be sure in  
 "Birmingham until he got his own" 16. 16.

Which is now a law and one to  
 trouble severely in connection with

impressions, these impressions  
created. Then he has been advised  
therefore I think the better course is  
that the Bureau dismiss him, & he be  
required to report to his commanding

Dear Sir

I have  
turned over to Mr Criss for the use  
of the Government (112) Bales of cotton  
with the understanding that the Government  
would furnish me the same amount to  
put up my cotton. You will recollect  
that when I was in Boston you said that  
I should have it & so instructed Mr Criss  
& also gave me charge of the amount of  
rope & Bagging that I wanted. When I  
brought it to Cold Springs Mr Criss  
told me he had none & was hard  
pressed just then & if I would wait  
and turn that over he would let me  
have it when he got his up & he has  
failed to let <sup>me</sup> have only enough to  
put up 135 Bales of Rope & says he  
will let me have the Bagging but no  
more Rope. Will you again be so  
kind as to send enough to put up  
Sixty five bales more of Rope

Dear

Enclosed you will please find special estimates for funds with which to pay the indebtedness for Cotton bought in the West. I have been utterly unable until now to make anything like an estimate or a correct report. This Cotton business is so different from anything else that I have ever done, that I fear much it will trouble me to close it up. I have all my Cotton on wheels by this time though have not yet gotten the Bills of Lading for the entire amount.

I enclose you a rough report of the amount of Cotton bought, all of which has been shipped to the Regiments. I have been unable to get receipts for any of Cotton shipped, disbursements which may appear. I will have to make certified disbursements & make the Bills of Lading sub vouchers. Enclosed you have my blank receipts for the funds estimated for. I do hope you will be able to send me the funds as if I do not get them the people would not me. Give Mr. Emerson transportation back to this place.

Yours truly,

I have your communication of 7<sup>th</sup> inst and note its contents. If A. Thompson has not received your money for his Cotton at Parker's store and has never obtained his Baggage & Hops he ought to have it. The object in sending you Col. Sanders letter and the list of names, was to show the funds his contract was to amount to. Much of the parties had obtained Baggage & Hops of him and had been also supplied by me. I am quite sure S. I. Mearns does not intend to pay for Sanders for 3<sup>rd</sup> & 4<sup>th</sup> Bales. either there is some mistake - I never issued certificates to him for 3<sup>rd</sup> & 4<sup>th</sup> Bales, and the statement is in error so far as I am concerned. Perhaps it occurred out of Ben Storer at Benham. His contract is accomplished thus

1 Bale	10. 12 1/2
1 Bale	10

Newport June 10<sup>th</sup> 1854

Capt. C. B. Webb,

a 2 M. Houston. Sir - Appreciable to your request  
I return you herewith Permit - No 2057 to H. Thompson  
There are a few Permit - still due this agency  
- W. W. Browning is due - 7 1/2 & Doct. W. C. Austin  
remains yesterday for his last 3 B. Permit - I have  
not examined in - These parties have inquired and I  
find them not to hand.

I note particularly what  
you said in a former communication relative to  
P. W. Gray's circular and sent a transcript of  
that letter where it would be most likely to  
excite a salutary effect. I disagree with you  
however, as regards limit to Permits and believe  
they ought to be good on the Cotton actually exempted  
till it suits the convenience of the owner to take  
his Cotton. As to the use of Permits on other  
than, or their application to any cotton, such a  
precedent should never have been allowed in  
my instance - I regret to say that Mr. Gray's  
order is proving disastrous effects here. Indeed  
I doubt if any more Cotton is delivered until  
counteraction influences convince the vendor  
that the Permit will be respected and there  
should by all means emanate from H. D. J.  
Dist or J. M. B. - I hope for the sake of <sup>the</sup> Bureau that  
such order will soon issue and seal gentlemen  
who trace themselves against the honest rights of  
whole communities and the vital interests of  
whole Christian Departments, be taught to confine  
themselves within the limits of their well defined  
duties.

I am Dear Respectfully

Yours Obedient Servant

Dear Sir,  
I would like to  
regard to a contract for cotton from  
H. B. Co. during a long contract was  
for 100 bales of cotton and he has only  
turned over thirty nine by mistake & his  
agent Mr. [?] was absent at the time and  
is still absent and has no interest in the  
cotton and is completely out of the  
contract and is permitted to come get an  
exception for the remaining 61 bales.

The parties with whom Mr. [?] made  
contracts who have failed to comply  
have made other dispositions of their cotton  
Mr. [?] sold his crop of cotton  
to Mr. [?] & [?] according to a report  
of Cincinnati & Cotton Bureau June 20<sup>th</sup> 64. He has the  
cotton ready but he refuses to let the cotton go  
unless it is paid for, which he claims as his  
contract with Mr. [?] particularly the part  
to be paid in specie. Please inform me in  
regard to Mr. [?] cotton & Mr. [?]

Very respectfully

In addition to the above finding, the following Permit viz

No. 1894, in favor of Robert Smith for \$10, & of which Wm. Smith is the owner. Return the same somewhat worn & over used, and not in favor of such an one; Perhaps it belongs to John Davis part of the residue.

Small quantities in regard to the following Permits must be made and possession of the residue; this was not intended of course that it is given with which should not be given up the given until the person now John Smith, at least that was the meaning of the permit only after which as was in favor of parties who were not given permission to take the residue.

That is the meaning of the "large order" that Permits must be made before 1st May, in favor of this provision, provided that such Permits must be made before 1st May.

Dear Sir

Your kind and liberal favor came to hand only yesterday, and demands a speedy reply. I feel sincerely grateful to you for the very liberal proposition you were pleased to make me concerning the Cotton of the estate of Dr. Hayes, yet I sincerely regret, that from a want of information on some points connected with this matter I am greatly at a loss how to decide. So as to properly discharge my official duties, and save the estate of Dr. Hayes' hardship in this transaction, I live 14 miles east of Huntsville, and at your suggestion will go early there tomorrow, and confer with our mutual friend Mr. F. B. Bailey who Mr. Bailey is a highly esteemed personal friend of mine, and has generally been my Counsellor in Cotton matters, and I hope can so far enlighten me, in the matter between us as to enable me to act promptly and definitely with you. I am willing indeed anxious to take benefit under the Contract with the Govt. now in your hands, provided I am not hindered by the limit set by Judge Gray, from realizing the benefit of the "permit" to the estate of Dr. Hayes. You think Judge Gray, will on more mature consideration, revoke that limit? Should he not do so, it will certainly work a hardship to most of the holders of "permits". For from the conditions of the roads, and weather, it will be impossible to get cotton to market within the limit prescribed by Judge Gray. Consequently the order will be retroactive and injurious in its operation which I know

was very far from the wish or intention of Hon. Peter  
Gray in issuing it. Though generally firm in his  
purposes and resolves, yet I am satisfied a full  
conviction of the wrong working of this order would  
cause Judge Gray to revoke it. Yet the belief that  
he will do so, without some appearance from him  
would hardly do to base a cotton operation of the  
size of the one between us on.

The question then is this, Suppose  
his order continues, and I or any other holder of  
a "permit" should start to Houston or San Antonio  
or Brownsville with cotton and be overtaken by the  
first May, would the privilege or benefits of the permit  
cease at that time with the cotton in transit?  
Again were I to reach Houston say by middle  
of April, and sell to a merchant of that city  
would he be allowed time and privilege to dispose  
of that cotton, even though first May might arrive  
before he does so, for the reason that he had purchased  
it under a "permit" and within the limit.

Now if you are prepared to answer these questions  
affirmatively, then I can without hesitation close  
my contract with you and deliver you the 50,000  
cotton. If however the opposite be the case  
then I cannot of course turn over the cotton.

It is on these points I would most earnestly  
and respectfully ask of you information, and  
will gratefully appreciate any you may give  
me, to guide me in coming to such a conclusion  
as will not seriously prejudice the orphan  
children of Dr. Hayes who are the owners of his  
estate, whose guardian I am. I know it will hard  
be possible for you to give me the desired information

before the 15th Inst. the time you have expended a week to  
have my "Permit" cancelled. yet I hope you can consistently  
with a proper discharge of your official duties, hold on  
a few days longer, until you can confer with me on  
these points. I am desirous knowing the purpose, and  
immediate wants of the Govt ~~and~~ and, that  
it shall have the benefit of the Cotton, and hope  
that we may be enabled so to arrange this matter  
as to secure the immediate benefit of the Cotton for  
Govt, and at the same time to the estate the  
full benefit of the Contract, as originally intended.

Please let me hear from you without delay and  
A.B. Oblige very respectfully yours  
Addres me at Huntsville } C. W. Kittrell

P.S. Huntsville Feb 11th 1862

I am here in conference with Mr. Bailey  
and regret to say that he can give me but little satisfaction  
touching the matter in question. He is very much  
superior the operations and plan of the Cotton  
Bureau to the new Treasury plan.

I can add nothing more to what I have already  
said. I have written to Judge Gray to say some  
expression of his views touching and intentions  
concerning his order limiting permits. If you can  
retain my permit until I hear from him  
it will be quite a favor, inasmuch as it will  
relieve me of all embarrassment concerning the  
matter

you would send it, very soon, upon the

I enclose in separate pack the report you

Houston

Sir. I have just received  
 your "Circular" of Aug. 31<sup>st</sup> with enclosed  
 forms for "Reports" of Cotton & Shipping & Trade.  
 The irregularity of the season's commerce  
 upon the almost impassable roads in  
 this Section, makes it impracticable  
 to comply strictly with the letter of your  
 Circular, and yet the desired result  
 to you by the 15<sup>th</sup> inst. But I will  
 make all haste to have it in time  
 say a day or two later than the State  
 govern. Had your Circular been used  
 in time it would have had the proper  
 Reports in yr. hands & in this I forward  
 you several days ago, a "Statement" of  
 "Cotton Shipped & on hand" at Galv. and  
 you receive it. I will now  
 make another statement in accordance  
 with the form sent me: & it will

I beg to inform you that I have received  
 Report of Bagging & Stages of the season  
 at this time. Some parties have  
 received more than one hundred  
 for distribution to their neighbors,  
 & I have not yet received full accounts  
 of some, but I will be able to  
 fill in some, for which I am  
 obliged. I will also be able to  
 give you some settlements for  
 my semi-monthly reports.

I shall not be able I fear to give  
 exact amount of each kind of rope  
 distributed to different parties, as  
 I have not prepared it as a rule  
 to keep a minute of this kind, but  
 I suppose this will not be very important  
 if I account for the amount in weight  
 received from you.

Unless there is an improve-  
 ment in the weather soon. I shall be  
 able to ship my little cotton this month.  
 I have been preparing the plan of  
 collecting all the cotton from parties who  
 would be likely to give me trouble, & storing it  
 here, where it will be more convenient  
 for shipment. I have about 150 bales in my  
 charge here now.

Dear Sir,

There being some doubt as to the true meaning of Judge Gray in his late instructions limiting the use of permits under Cotton Bureau system to the 1<sup>st</sup> of May; you will confer a special favor by informing us further in relation to the matter.

Will planters be required to have their Cotton at St Antonio or Goliad and obtain their clearance by the 1<sup>st</sup> of May or must they present them at the points designated on the Rio-Grande by that time, where Cargoes for exportation undergo inspection & revision. In case of certificates of exemption regularly forwarded to St Antonio for permits, failing by irregularity of mails to reach them by the 1<sup>st</sup> of Feb, will extension of time be given or do parties lose their rights of exemption altogether, under the present limitation.

I forwarded my certificate of exemption as soon as rec<sup>d</sup> from you to Maj. Willie, but have not heard from him on the subject. As Wilson & others in this section are in the same situation, and having cheerfully let the Gov. have our Cotton we feel anxious to know the Govt. will comply with its just obligations.

Very Respectfully,

Sir.

In yesterday's work  
Chargo of 40 B/C freighted to this point under the McKinney  
Contract by S. H. Henderson, the B/C is endorsed by S. H. Ray-  
mond and J. H. Seward, our agents, that a like quantity &  
and quality had been turned over to the U. S. Government, and  
that it was being exported under Major Willie's permit No. 1033 for  
Use of J. H. Seward & Co.

Now all of that may be so, but is rather steep for me to Cr.  
if such Cotton (of which I enclose a sample) has ever been turned  
over to the Confederate Government it has never reached the Rio  
Grande.

I shall hold on to this, and all Cotton freighted un-  
der such endorsements by subs, until notified by proper au-  
thority that their endorsements are legal and legitimate.

Enclosed I send you sample of another species of fraud  
that has been and is being extensively practiced on the Govt. by some  
of its agents and subs. The case in point is too flagrant to be over-  
looked, and should be investigated if the Cotton Bureau is continued.

Thirty eight (38) Bales of Cotton correctly weighed when  
received by the agent. Could never lose 30 lbs pounds coming.

to the Rio Grande

The loss in weight is not the only ugly feature in the case, from close examination I am of the opinion that the Cotton is either plated, grossly packed, or of a grade too low to be adapted.

Requesting that your Consul our friend and Agent to be a little more particular in his weights, and the selection of his teamsters I remain

Very Respectfully

The Govt certainly has been swindled in this Howard & Co (I don't like the name) transaction. If they have a genuine permit to export such cotton, then I will make them pay for the music in this dance.

Capt. G. S. Mills

Sir your last is received and noted your say, "I have performed all I promised and which can agreed to accept." your say, Sept. 9<sup>th</sup> I endeavor to make the payment as he understood it. Below you will find in what sense I understand the affair. Please read it in patience.

You wrote to me in your first letter, your offers are reasonable and in I am willing to give you two prices for your cotton; and that Capt. Lynch will be instructed accordingly." Capt. Lynch had been to see me before I wrote to you, and had told me that he must have half of my cotton by purchase or by improvement. He read and explained to me his papers under which he acted. He assured me that his papers authorized him to give for cotton saved and given as mine 17.00. Mine he believed to be worth more than twice that sum. He told me that cotton saved and given as mine was, he was authorized to give 17.00 for the cotton and 17.00 for baling and rope on that cotton. I concluded that the two prices for my cotton was 34.00 and that baling and rope was worth as much and no more than if it were on that cotton by 17.00. He told me that he was authorized to give as much for my half of the cotton as he gave for the first half, the baling off in specie, the baling off by 17.00. Twice 17. would be 34.

All this had preceded my first letter to you. You replied, "your offers are reasonable. I am willing to give you two prices for your cotton; and that Capt. Lynch will be instructed accordingly." Under this agreement Capt. Lynch sent Mr. Lewis to my house, who weighed, received a subcut off the cotton; and left telling me to come into town in two or three days and Capt. L. would settle with me and give me a draft for my money. I went in the third day, and found Capt. L. not instructed to fix the price, nor to give me a draft for my money, but I was told that you must do it all. I felt strongly disappointed. If I had known this I would have understood the whole matter at your hands and had done at the hands of Capt. Lynch. If I had known

This when Mr. Lewis was at my house to receive the cotton, I would have retained the second half in my own hands, and sent it forward by the same train; but it was too late for this. I wrote you immediately - You answered Aug. 12<sup>th</sup> saying, "I will send the papers to Capt. Lynch by next mail," and he will settle with you immediately." I did not hear from you until Sept 9. The papers were made out wrong, and were returned and again came back wrong as I believe. I then asked you to cancel the transaction so far as the specie half of this cotton was concerned. You offered to do so, if the cotton was not gone forward. It was and had been for a month; but I was willing to take it on the Rio Grande, and look to Capt. Lynch for its proceeds or go out myself. You then said, "if it was gone out, that would endeavor to settle with me as I understood it." Have you done it, you now say that I had an agreement Capt. Lynch and expected him to settle with me. I understood your instructing him to refer to the "agreement" of course. I supposed that you and Capt. Lynch understood each other, and that to authorize Capt. Lynch to give me two prices was to authorize him to give me twice 17 cts for the specie half, and three times 17 cts for the Confederate half. Then the elements explain "what I agreed to accept," and how I understood your offer. Capt. L. had just received his papers and understood them just as I did. I got my understanding of the matter from him and the reading of his papers at my house. Others understood them as I did. You may have performed your promises as you understood them, but not as I understood them. - For I agreed to them as I understood them. I trust that you will see that there are two sides to this matter and that it was impossible for me to settle as you do. If you had paid me as I considered it or gave me back my cotton as I asked you to do or its proceeds all would have been right.

You say that you have paid me two prices for my cotton. Let us see. There is two cts. between us as to the specie or 2<sup>nd</sup> half.

3

of this cotton but in the first or Confederate money half  
there is 17 cts difference. It seems to me that in this part  
you are in a total mistake 32 cts is not two prices for  
cotton in Confederate money. If it is it leaves the buying and  
sale unaccounted for. I saw a certified account of yours for  
short cotton, bleared mullong, at 32 cts per pound. Signed a  
certified account of yours for Sea Island cotton at 32 cts  
now I ask you kindly if 32 cts for Sea Island cotton is twice  
as much as 32 cts for short cotton. Your position and argu-  
ment say to me in a practical way, that 32 cts for Sea Island  
cotton is twice as much as 32 cts for short cotton, and you  
add in a late letter, that you hope that I will be satisfied with  
it as such. Your understanding has placed in my hands  
1538 dollars in specie and a certificate for as much in Confed-  
erate money. My agreement with Capt I as I understood it  
(and you said left you <sup>would</sup> endeavor to pay me as I understood it)  
would have given me more than 3052 dollars in specie and  
as much in Confederate money. This would have left a clever  
sum in the hands of the Government as well for it. I was  
willing and I am still willing the Government to have half  
of my cotton for Confederate money. but it is my opinion that  
it was willing for me to have the other half in its pecunes.  
I was always willing to settle this matter as I have here said or  
to so cancel this transaction as to have the second half of this  
cotton turned over to me on the Rio Grande, so that when it  
was sold I might pay half of the expense and receive the re-  
mainder of its pecunes. If you were willing to give me  
back the cotton if still at hand, why not give it back on the  
Rio Grande, with pecunes. You are the agent of a noble and  
magnanimous people. Can you believe that they wish you  
to appear an individual in so doubtful a matter as this.

you said in your last letter that "you would endeavor to pay  
me as I understood it." If you could not do this you could have  
turned over the second half of this cotton to me, left Lynch  
earned cotton for others and he offered to carry mine for me at  
the price Government cotton was earned. As there was a  
misunderstanding about this cotton, one or the other  
of these requests of mine was rational and would have  
made all easy. Perhaps you will feel that this matter is  
settled all ready. I have gone through some of a letter and in  
dissatisfaction because an agent of yours told a friend of  
that I must settle in this estimate or I should have none.

If there is any thing in <sup>this</sup> letter which is offensive please  
set it down to something better than a bad intention. It  
is not my intention to question your integrity in any  
part of this letter. I desire as much for myself as I  
grant to you.

Dear Sir.

By yesterday's mail  
received your letter explaining the reasons for the  
diversion of the cotton of Falls & Brazos Counties  
from the payment of our claim - and expressing  
your regret for the occurrence -

It is true we regret the accident, by which  
we have lost the proceeds of the cotton, but  
we are entirely satisfied with your explanation,  
being well aware of the multiplicity of your  
labors, feel well assured that there existed no  
intention upon your part to wrong us in the  
slightest -

We hope that you may be able to correct the  
error, as we fear that the means in Mr  
Perkins hands will be insufficient to meet  
present needs. Yet we hope, that your antici-  
pations of the speedy payment of our claim may  
be fully realized - No long delay has crippled  
us much - but we have never for a moment  
entertained the slightest idea that you desired to  
defeat its collection - With very high regard I am  
very truly your friend & obedt servt -
